S\$150

One cover image in one size, using your footage and brand files.

Another caption language

S\$150

Up to 60 seconds; you supply the translated text.

Filming, voiceover and complex animation need a separate quote. Extra formats use the same edit; caption translations are supplied by you.

Ongoing work is quoted separately.
Music, stock footage and other licences are separate.

Ask about this service

SEO and AI-search visibility

SEO and GEO add research and content work to the search setup already included with your website.

Included with website builds

Page titles, descriptions, sitemap, basic structured data and crawler-access checks. Search Console and Bing setup are included.

SEO optimisation From S\$750

One-time work for up to 5 pages, one language and one market.

- Research up to 10 search terms and match them to your pages.
- Improve headings, internal links and up to 100 words of existing copy per page.
- Provide a search review and prioritised next steps based on available data.

GEO / AI-search content From S\$650

One-time work for up to 5 pages, one language and one market.

- Research up to 10 customer questions relevant to your services.
- Write up to 10 answers, 50 words each, using business facts and source links.
- Run 5 sample AI-search queries and document brand mentions, citations and gaps.

SEO and GEO can be booked separately. Shared research and edits are counted once in a combined quote.

You provide business facts and account access. Extra pages, languages and major repairs are quoted separately. Rankings and AI mentions depend on the platforms and are not guaranteed.

[Back to website services](#)

Prices, payment and maintenance

Launch packages have a fixed price for the listed scope. Other services show starting prices. Add-ons are charged once; maintenance and provider fees are separate.

Launch offer terms

For our first five eligible projects in Singapore, across all seven launch packages. We confirm availability and scope in writing before you pay.

Pay 30% to start and 70% after the agreed acceptance checks. Final handover follows full payment.

Two consolidated revision rounds within the agreed brief. New features or a new design direction are quoted separately.

For websites, stores, automation and AI packages, we correct defects in the agreed work for 30 days after handover. New content, features and ongoing maintenance are separate.

You supply business facts, final website text, images, product details and account access as needed. Launch builds use reusable layouts and supported tools; bespoke design and unsupported integrations need a separate quote.

Domain, hosting, subscriptions and usage fees are separate and explained before payment. Paid maintenance is optional.

Optional monthly maintenance

Website maintenance	S\$150/mo
Up to 1 hour of maintenance each month.	

AI / automation maintenance	S\$250/mo
Up to 2 hours of checks and adjustments each month.	

Software maintenance	S\$350/mo
Up to 3 hours of maintenance each month.	

Monthly plans cover the hours listed above. New features, emergency support and 24/7 monitoring are not included.

Hosting, domains, paid apps, AI usage, messaging and payment fees are charged separately.

[Discuss your project](#)

Security and ownership

Before work starts, we agree how to protect your data, who can access it and what to test before launch.

Staff access

Agree who can view or change records, where to use two-step sign-in and how to test access rules.

Data protection and backups

Plan encryption, private-file access and backup recovery. Agree how to test that recovery works.

AI permissions

Set which records the AI can use, what it can do and when it must ask a member of staff.

Ownership and handover

Agree who controls the accounts, how to export data and who handles licences and maintenance.

[More about security](#)

[Contents](#)

[Costs](#)

[Contact](#)

Moving your records

We quote for moving your data after checking where it is stored, how much there is and whether it needs cleaning up.

01 Choose what to move

List the records and files you need from each system.

02 Match and clean records

Match fields and units; agree how to handle duplicates.

03 Try a test transfer

Test with a copy of your data before moving live records.

04 Check the results

Check totals and linked records, then test staff tasks.

05 Agree the switch

Choose when to switch and how to go back if needed.

06 Plan support

Agree follow-up help and how long to keep old records.

[More about moving your data](#)

Tell us what's stuck

Tell us which service interests you and what you want to change. If you're unsure, describe the task you need help with.

How we start

We discuss the task with you and send a written quote. Before work starts, we agree what will be delivered, how to check it and how your team will use it.

Larger projects

Larger custom systems, portals and migrations start with a separately quoted first milestone. Its deliverable and acceptance checks are agreed before later phases. Other work beyond the listed limits is quoted separately.

Ceus Solutions is a brand of Ceus Capital Pte. Ltd.
